Pasta Value Drawing

You will utilize your observation skills to create an original VALUE drawing from life, one of the purest forms of Art. Challenge yourself to see lines, shapes, and values in a realistic way.

Objectives: T.S.W.

- Utilize their observation skills to demonstrate knowledge of contour outline drawing and shading techniques while creating a still life composition (of pasta) that displays a full range of tonal value.

Procedures:

1. Create an interesting sculpture of pasta. *Some pieces should overlap others to fill the space.
2. Create 4 thumbnail sketches zooming in on different sections of the sculpture.
3. Create 1 rough draft and outline with black marker.
4. Trace rough draft onto FINAL drawing paper.
5. Add a full range of tonal values using drawing pencils and kneaded erasers.

Grading Criteria:

- Composition must extend off the page on all 4 sides.
- Must show a full range of tonal value (black to white and everything in between).
- Displays accurate shading and blending techniques.
- No hard outlines.
